- 39. booking and information
- 40. core - vertical paths
- 41. restrooms
- 42. covered square
- 43. stepped seatings
- 44. library - research area

LEGENDA:
ENTRANCES

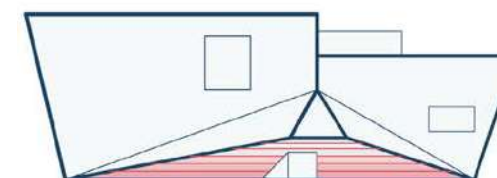

- D. logistic entrance
- E. leisure block entrance
- F. museum block entrance
- G. restaurant-café entrance

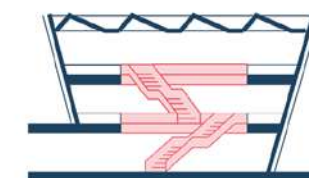

Translucent Facade

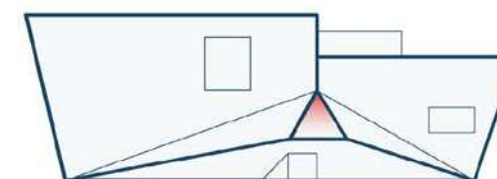

triple height spaces

outdoor stepped seatings

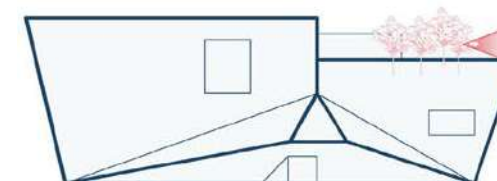

linear stairs

covered square

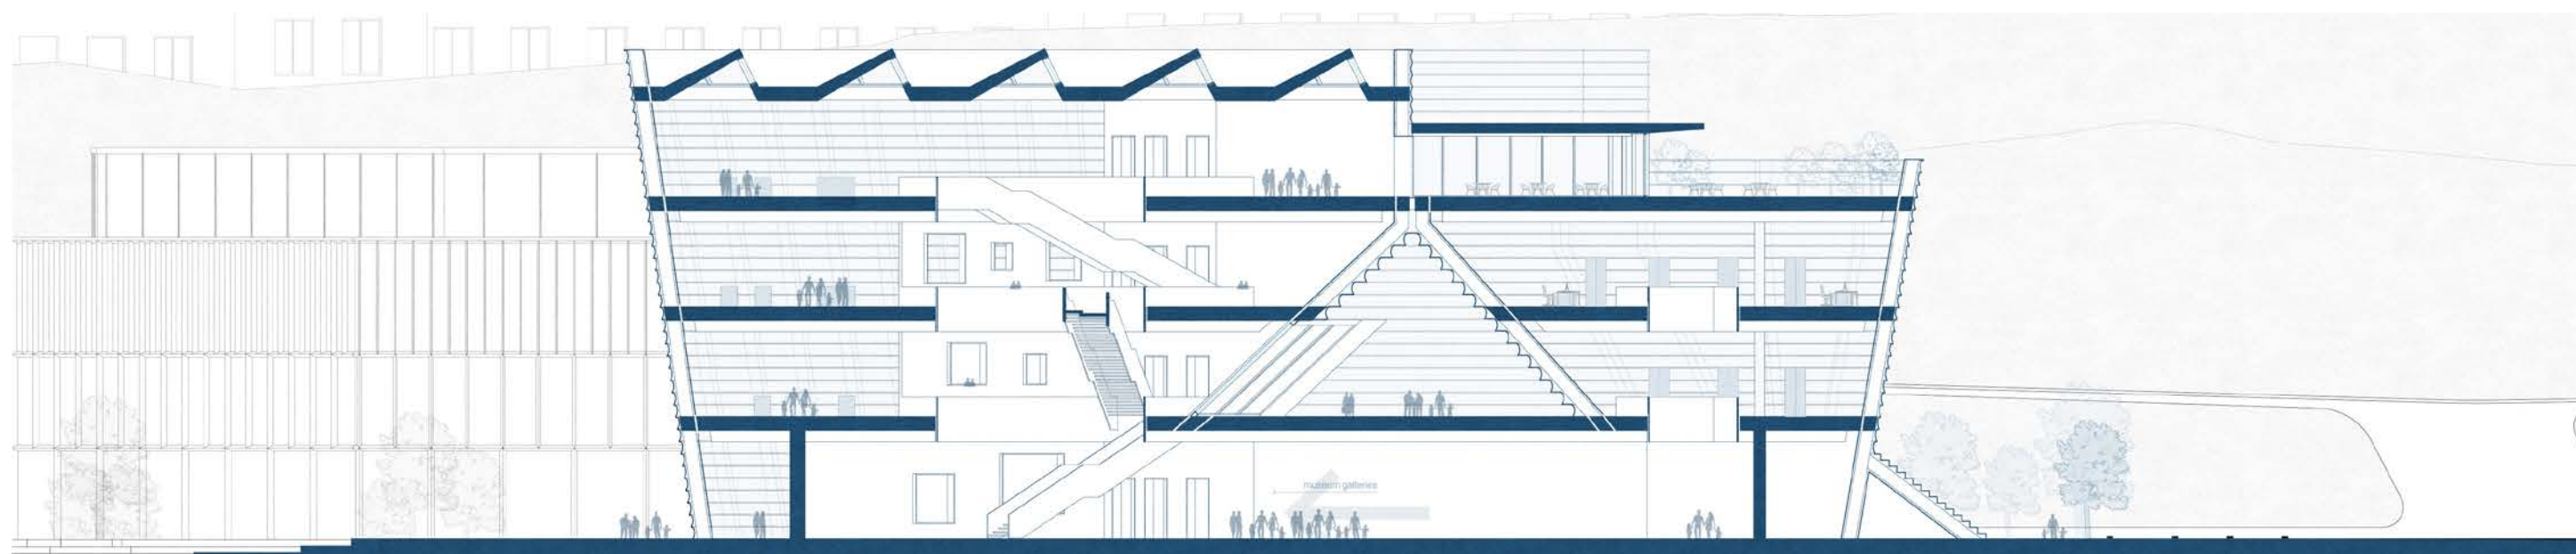

connection lobby

terrace - panoramic view

daylight control

02

Single-Family House 1

Marciana Marina, Italy | Built — 2022-2023

Single-family house completed in Marciana Marina.

The layout defines a sequence of indoor and outdoor spaces connected to the landscape.

Role: client liaison, concept development, design development, visualisation, coordination with contractors and construction phase supervision.

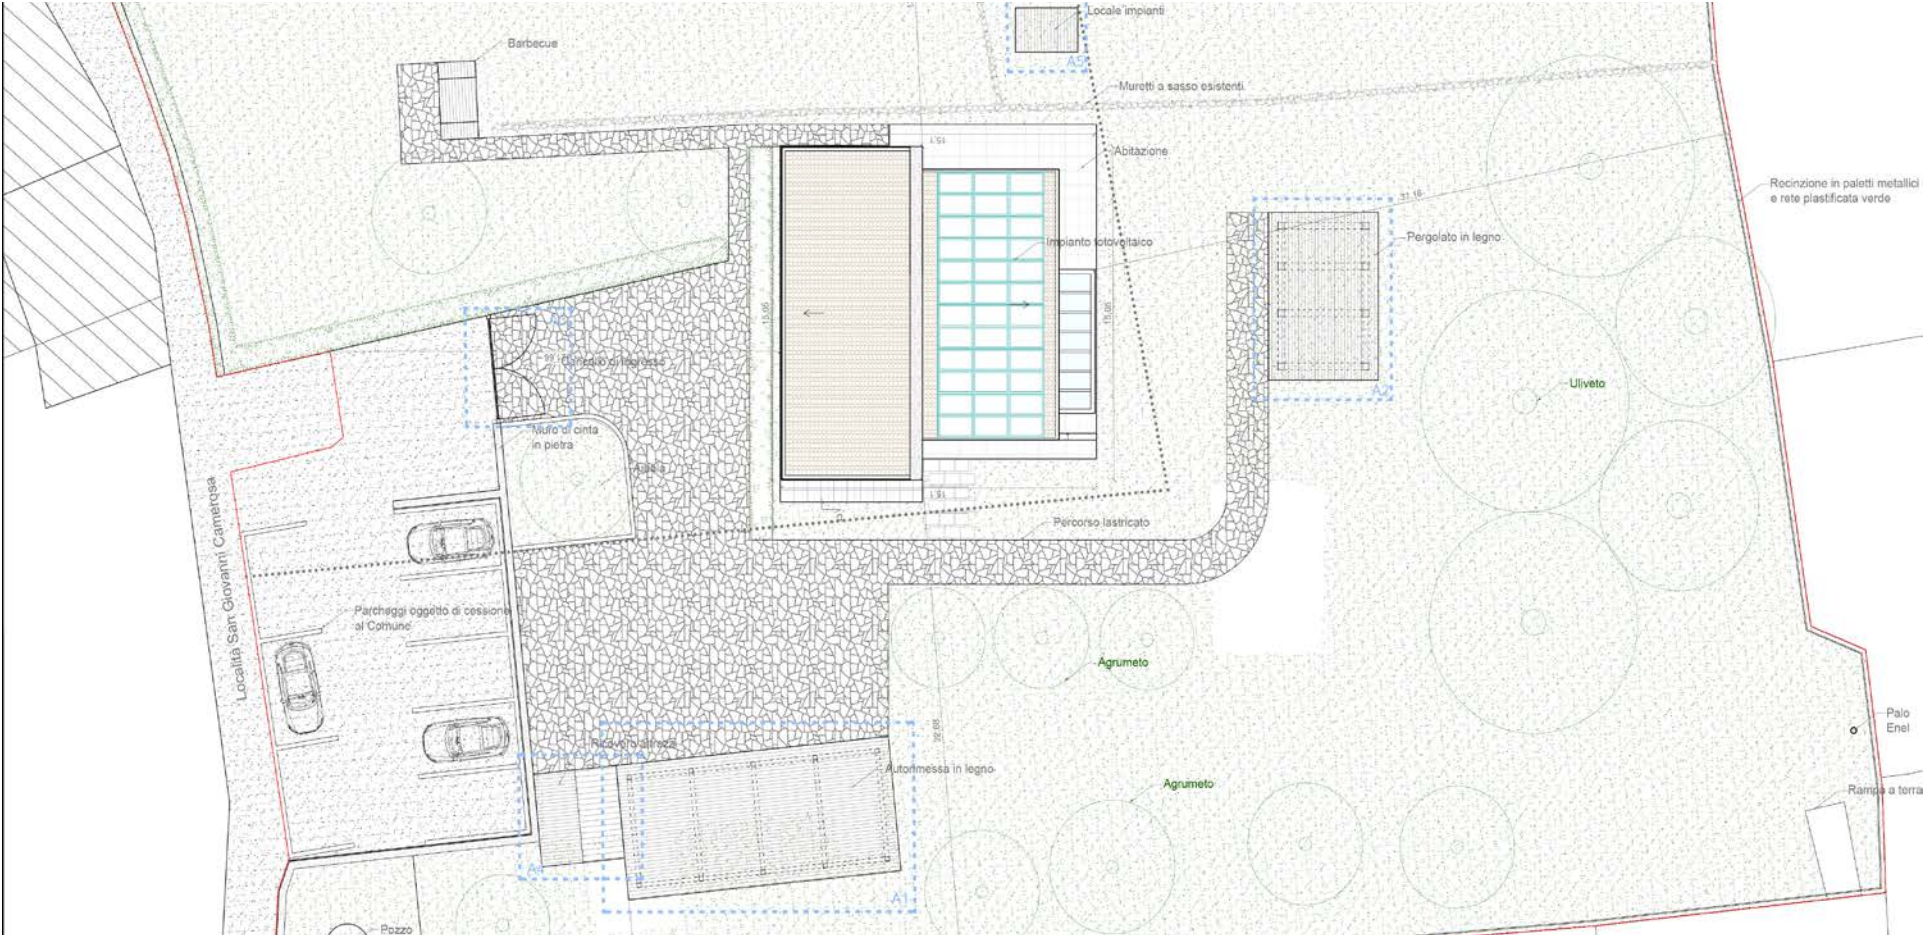

INITIAL DESIGN

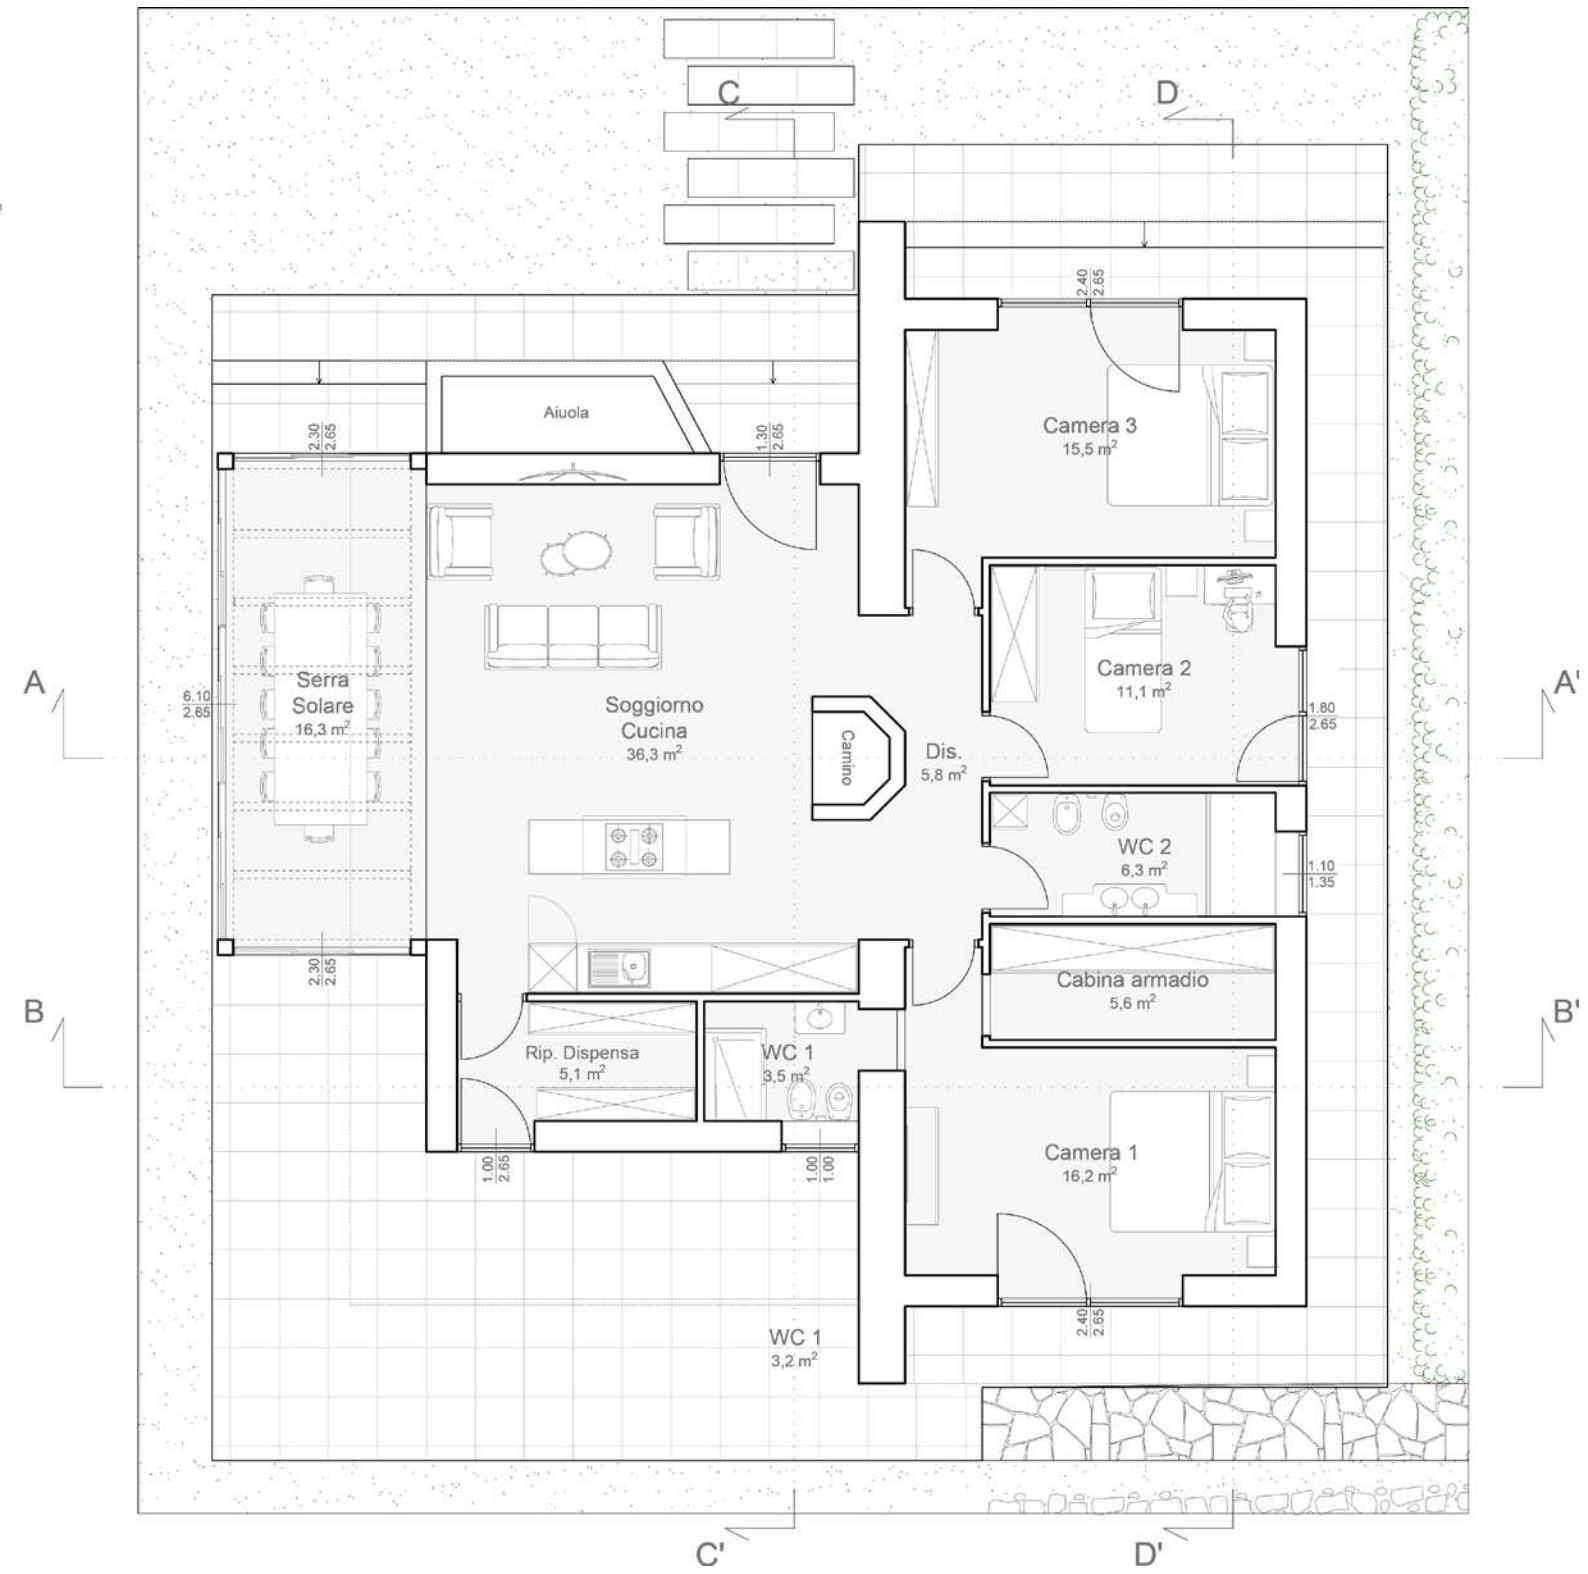

REVISED DESIGN (Landscape Authority Requirements)

BUILT PROJECT

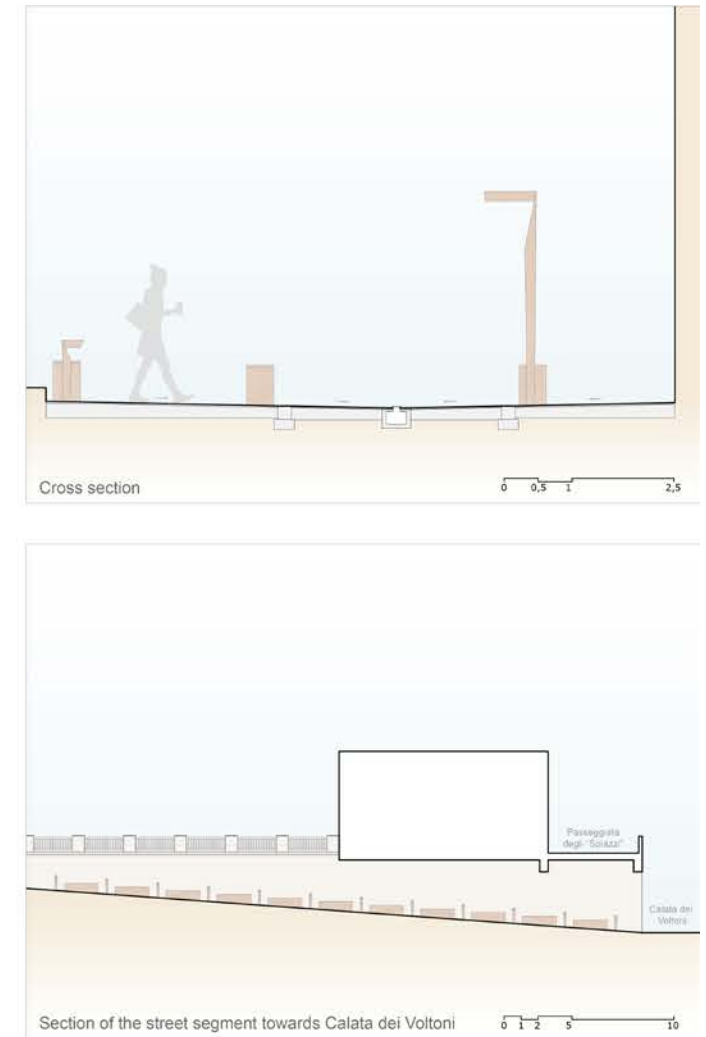

03

Via Palestro Urban Redevelopment

Public Space Design Competition — Rio, Italy — 2025

Public space design competition for the redevelopment of Via Palestro in Rio.
The proposal organises the street as a continuous public space integrating landscape, mobility and urban furniture.
Role: individual competition project — concept, design and visualisation.

2. White concrete curb 20×20 cm
3. Screed 15 cm
4. Cement-stabilized aggregate 25 cm
5. Natural aggregate

2. Road section

1. Stone slabs 140 × 140 cm
2. Bedding mortar
3. Channel for utility routing and rainwater collection
4. Screed 15 cm
5. Cement-stabilized aggregate 25 cm
6. Natural aggregate

Illuminated bollard

Corten steel bollard with LED lighting "Cleo"
H 90 cm
Ground fixing with flange and anchor bolts

Street lamp

Corten steel street lamp with LED lighting "Cleo"
H 315 cm
Ground fixing with flange and anchor bolts

LIGHTING

Information panel

Information panel with corten steel structure
W 50 cm × D 20 cm × H 190 cm
Ground fixing with flange and anchor bolts

Multimedia hub

Multimedia hub with corten steel structure
W 50 cm × D 50 cm × H 180 cm
Ground fixing with flange and anchor bolts

INFORMATION

Signage

Signage and planter with corten steel structure
W 165 cm × D 50 cm × H 220 cm
Placed on the ground

Planter

Planter with corten steel structure
W 250 cm × D 40 cm × H 60 cm
Placed on the ground

Bench

Bench with corten steel structure
W 250 cm × D 40 cm × H 60 cm
Placed on the ground

FURNITURE

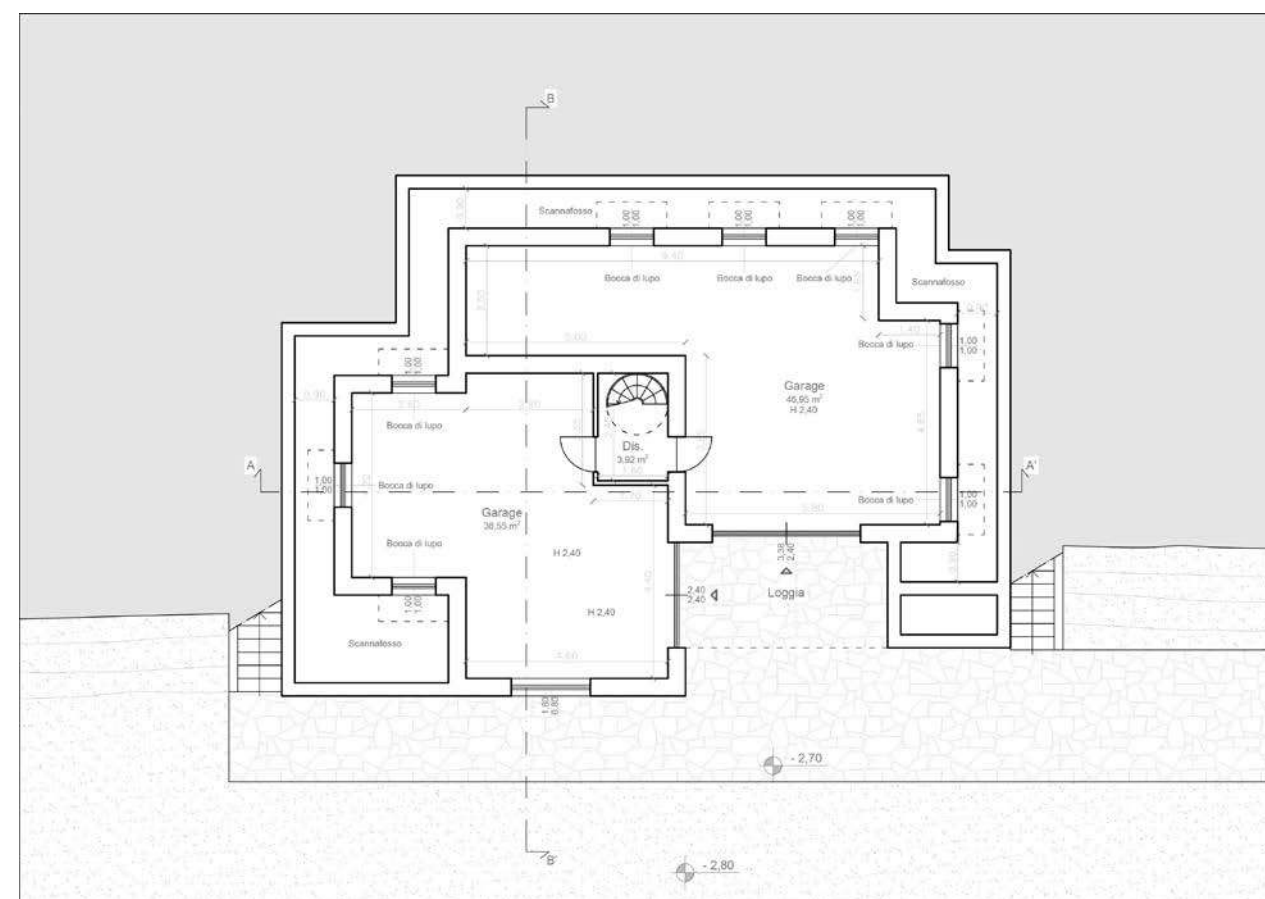

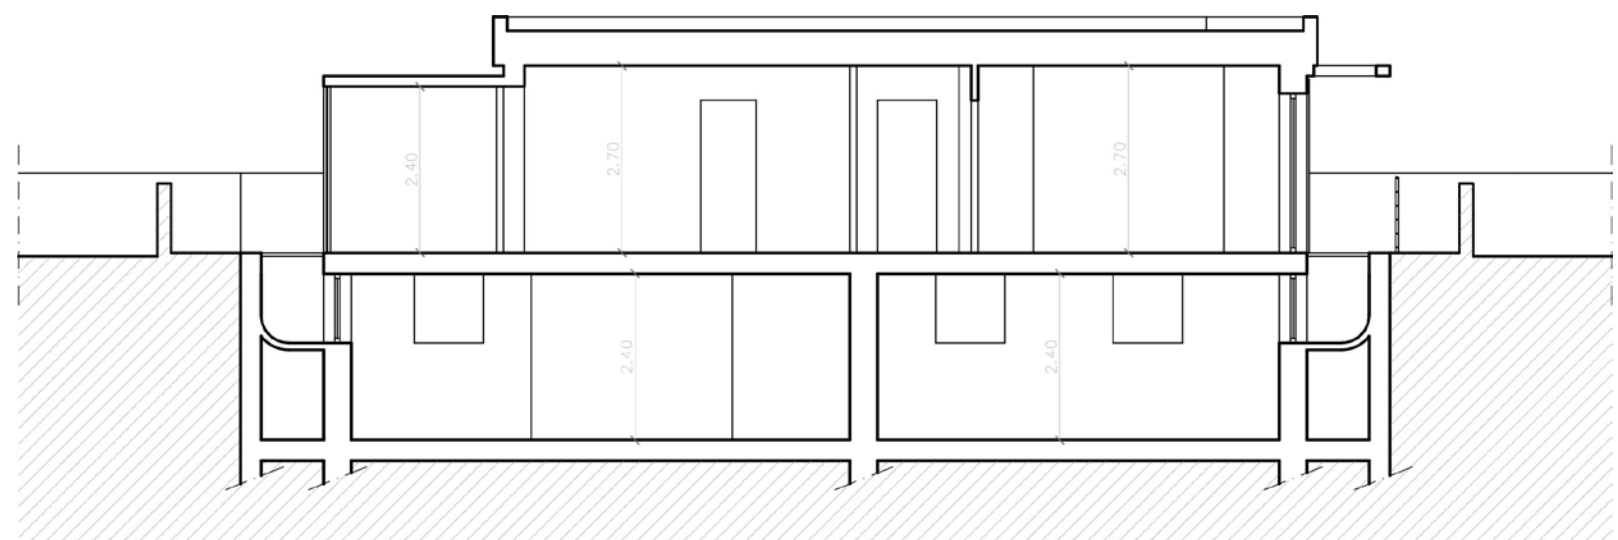

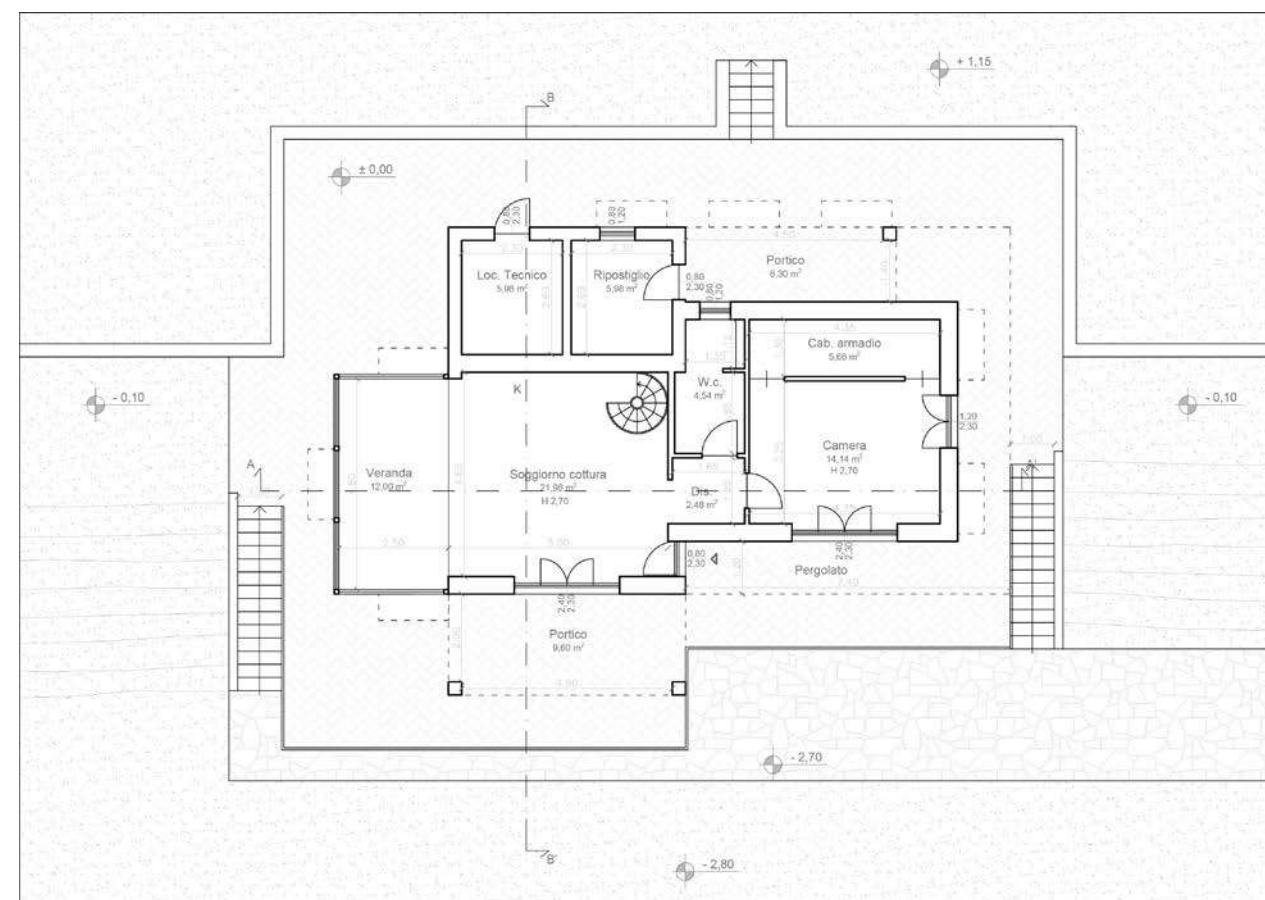

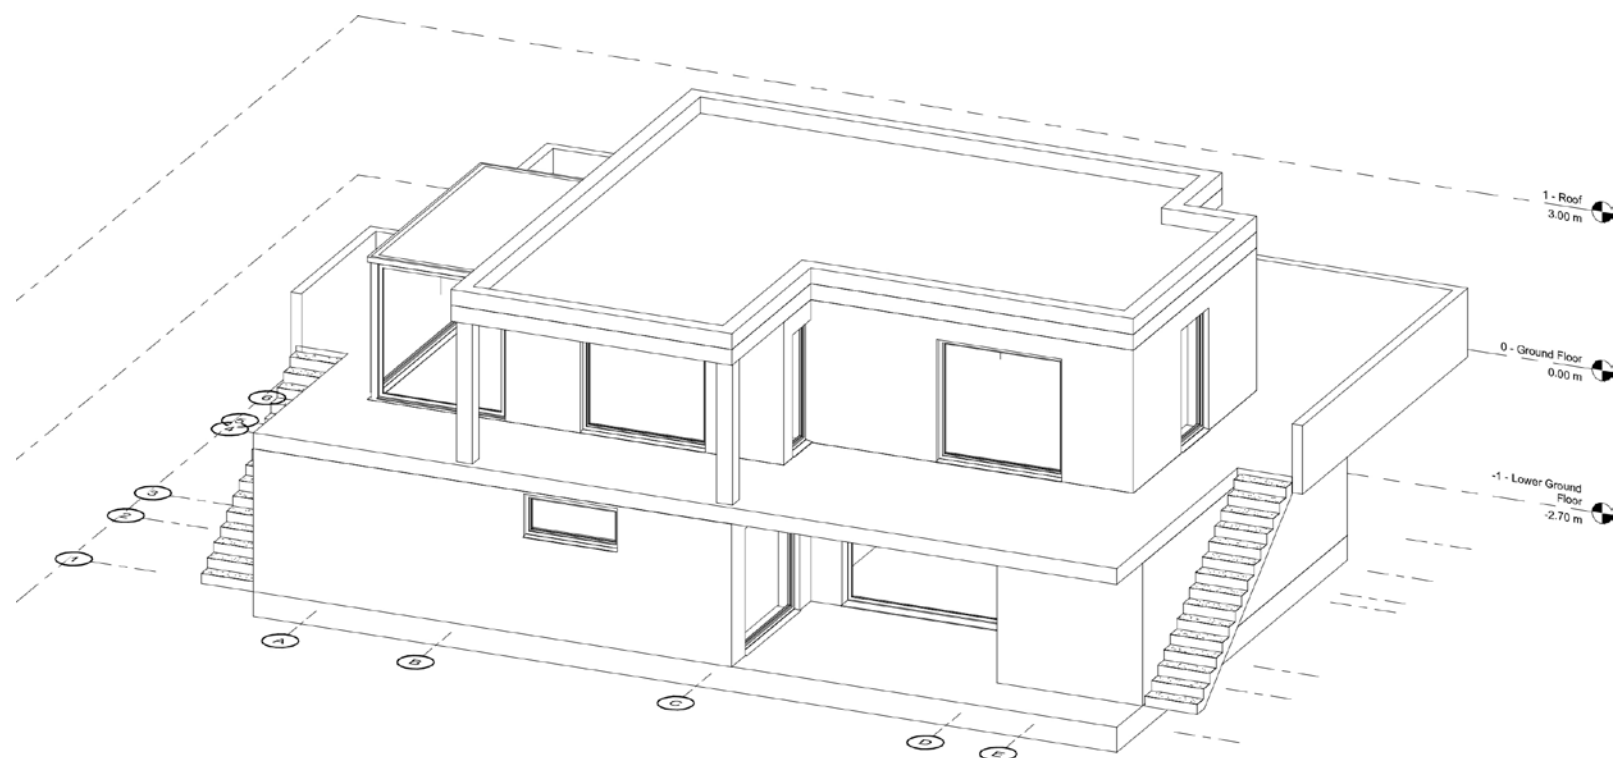

04

Single-Family House 2

Portoferraio, Italy | Under Construction — 2024-2025

Single-family house currently under construction.
The proposal is based on a compact volume integrated into the landscape using local materials.
Role: concept development, BIM development, visualisation and coordination with contractors.

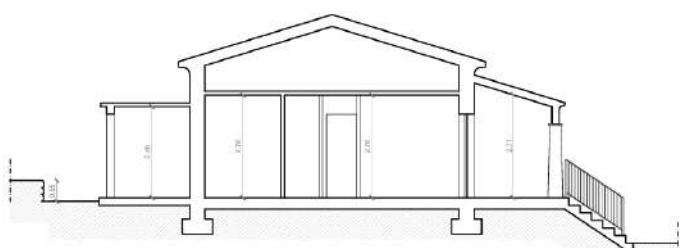

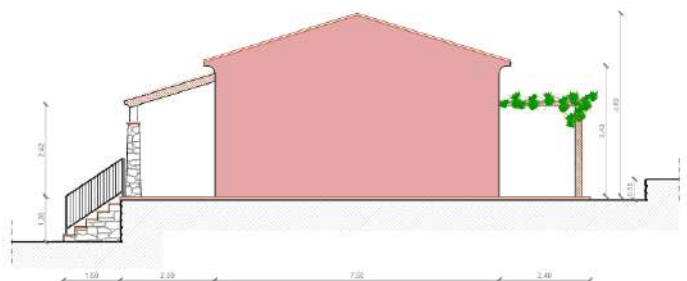

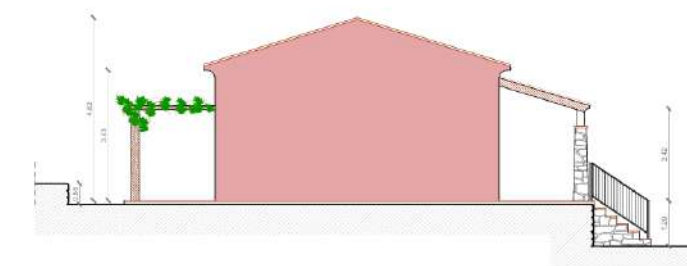

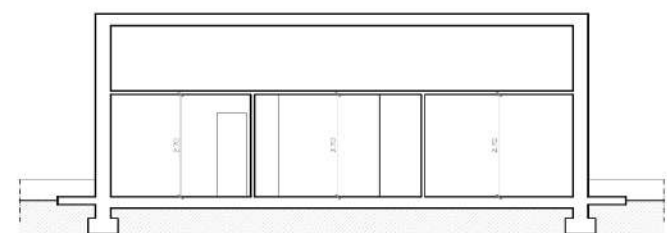

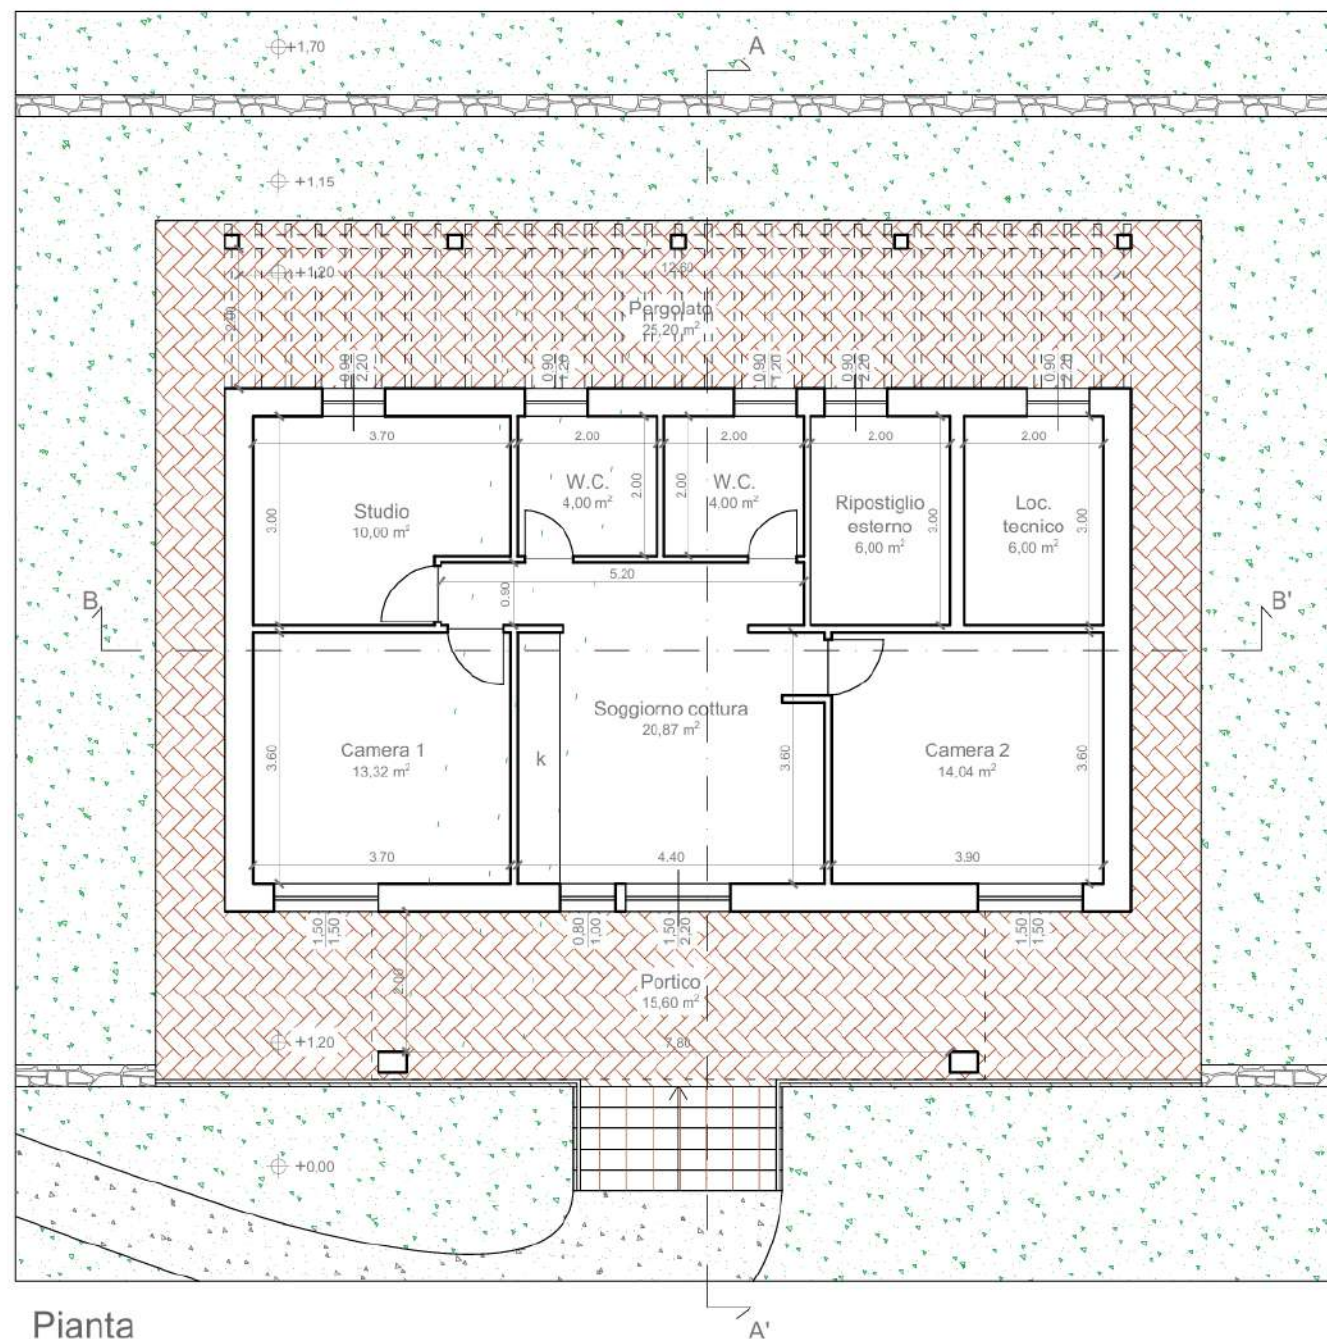

05

Single-Family House 3

Portoferraio, Italy | Under Construction — 2026

Single-family house currently under construction.
The proposal is based on traditional Tuscan architectural forms and the use of local materials
Role: concept development and visualisation.

06

Selected Interior Projects

Various locations — Italy — 2020-2026

Selected interior design projects across various locations in Italy.
The work focuses on residential spaces, with attention to materiality, light and spatial quality.
Role: interior design, visualisation and coordination.
